

Practice Monitor Expectations

1. Arrive at your assigned gym 30 minutes before the 1st practice that is scheduled to begin for that day.
2. Notify the Chief Executive Officer of any issues in the gym that would prevent or restrict practices.
3. Value and respect the facility you are working in and treat the facility as if you personally owned it.
4. Greet the parents when they drop off their children and assist them as necessary.
5. Stay actively involved and assist the coaches as needed.
6. Set a Christian example.
7. Monitor and observe the behavior of coaches and players and report any instances of inappropriate conduct to the Chief Executive Officer.
8. Clean up the gym after the last practice and leave it in the same or better condition than it was prior to that day's first practice. Return all equipment and store as appropriate.
9. Notify the Chief Executive Officer at least 4 days in advance, or as soon as possible (for family emergencies) if you are unable to work as scheduled.
